

Much thanks to Sherri Wilson for "running the show" this week. She's much prettier than I am and if the guys have any sense they will insist on this race being directed by the fairer sex every week! My absence was due to the loss of a good friend, with the service being held at 5pm yesterday. It was VERY HOT at the church, so I can only imagine how our runners felt while they pounded out the miles. Next week is our last "scheduled" run and the culmination of the concert series (Route 66), so be sure to join us if possible. I would not be opposed to coming back one more week with a cookout and some watermelon if there is enough interest. Just let me hear from you if that sounds good!

Doug
